WORK HARD, STAY SAFE FOOTWEAR RANGE

YOU WALK 115,000 MILES IN YOUR LIFE TIME DO IT IN COMFORTABLE FOOTWEAR

EN ISO 20345:2011
Foot injuries account for about 7% of work-related accidents:
Trauma such as punctures,crushing and laceration.
Injuries resulting from slips,false movements and falls.

You need supportive, durable safety footwear that's fit for purpose. Vaultex® supply safety footwear that protects and performs in equal measure. Using our industry expertise we have created a footwear range that compliments the strong mechanical structure of your feet.

Designed to protect your feet frompotential hazards at your work site. Vaultex® safety shoes and boots are made from quality technologies and materials,with a modern design.

All the products of the Vaultex® range meet the requirements specifiedby EN ISO 20345:2022 standard.

- Resistant to fats, manure, oils and fuels, concrete and a variety of chemicals*
- Easy to clean & to disinfect
- Ladder grip in sole for extra security

PVC free

size: EU 39 - 47

colors:

They are sturdy with a very good grip so we never slip or fall. Besides, the boots keep our feet warm during leek washing. But the very best thing about Vaultex's boots is their wider shaft, so they do not pinch at the calves.

FITTING INSTRUCTIONS

HOW TO FIT YOUR OVERHEAD EARMUFF

This model of ear muff is to be worn over the head. When worn correctly, the head band of the earmuff is to rest on top of your head.

A Pull the cups outward and place over your ears so that the cushions fully enclose the ears and seal tightly against the head.

B Adjust the height of each cup on both sides while holding the headband down until you have a tight and comfortable fit.

C The headband should sit straight on the head.

ontrast
For clear and accurate vision in every situation – even in low and continually changing light conditions
luelight reduction
Protection against harmful radiation from blue light. Ideal for night work with bright floodlights
elaxed vision
Reduce eye fatigue, even during extended period of use – improve concentration and enhance attention
65/75% transmission
Optimum protection against sun glare – yet bright enough for working in shady conditions

PRODUCT INSIGHT

Our focus: relaxed, comfortable vision

Bright light, reflective surfaces all put changing light conditions can additional eye strain on your eyes. This can increase the onset of fatigue and in some cases pose a risk. The innovative lens tint offers bettercontrast for noticeably more comfortable vision, even in lower light conditions.

VT-4934

CLASSIC DESIGN

- Panoramic clear lenses for a wide field of vision
- Cool polyacetate lenses for excellent chemical resistance
- Soft nose pads, designed to fit Asian face and nose shapes, for a pressure-free fit
- Can be worn in conjunction with corrective eyewear
- Special coating technology provides excellent anti-fogging properties and good ventilation to enhance the comfort of the environment around the eyes.
- Adjustable headband for different head sizes

SAFETY GLASSES – FRAMELESS

Carbon **VT-4941**

- F-rame: frameless
- N-ose bridge: soft
- A-rms: dual composite, soft liner
- Lens coating: anti-fog, both sides

Vaultex® Harnesses

- Frontal fall arrest attachment point, rear and extended dorsal D-ring
- Easy to don with fully adjustable chest, shoulder and leg straps
- Confined space loops
- Work positioning side D-rings (M1020068)
- Waist belt offering greater back support and stability (M1020068)
- Suitable for construction, maintenance, scaffolding, ladder safety systems, confined space and rescue, Elevated Work Platforms (EWP) and work positioning AS/NZS 1891.1:2007

Description

•Multi purpose,general fall arrest harness
•Rear free fall arrest D-ring attachment point
•Front fall arrest D-ring
•Full adjustable leg and shoulder strapso
•Padded waist band with D-ringo
•Webbing width:45mm
•Material: High tenacity polyester
•Stamping steel sliding buckles for waist chest and leg adjustments providing correctand secure fit.
• Tension strength > 23kn
• Labelling/screenprinted mesh available - conditions apply
